PAULA CELMAN
FRONT END DEVELOPER

As a Front-End Developer with a background in Industrial Design and an MFA, I bring a unique perspective to web development. My strong communication skills in both English and Spanish enable me to effectively express my ideas and collaborate with team members. I am dedicated, proactive, and maintain a positive attitude.

EXPERIENCE

FULL STACK TEACHING ASSISTANT at HENRY   August-Septermber 2022

Bootcamp Teaching Assistant (TA) for Full Stack Development students

Main tasks:

- Coordinate a group of students to achieve integration and create a study group.
- Guide students in the first steps of the course.
- Assist to solve exercises and promote group collaboration (Pair Programming).
- Propose ideas to improve the Bootcamp processes.

ARQUIHUB   September-October 2022

Design, styles and implementation of Drop Zone and it´s link to Claudinary.

VIDEOGAMES August- September 2022

Personal project where I worked in all areas.

I made the routes with Express, I used Sequelize and Posgress as database. I took the information from an API.

I used React and Redux on the frontend.

EDUCATION

HENRY BOOTCAMP 2022

Bootcamp with more than 700 hours of Javascript-oriented programming.

MFA, Master in Fine Arts, Miami University of Art & Design 2004-2006

Industrial Design, Universidad de Buenos Aires 1993-1998

Languages: Spanish, English bilingual.

I have 4 years of study in French and Italian, although I have not had the opportunity to use it recently, I am confident that given the opportunity, I could refresh my skills and put them to use effectively.

TECH SKILLS: Javascript (ES6), ReactJS, React Native, Figma, CSS, Tailwind, Bootstrap, Material UI, Node.js, Express, Sequelize, Git and Scrum.

SOFT SKILLS: Positive attitude, adaptability, emotional intelligence, communicative, leadership, dedication, creativity and empathy.
